

Thank you to my wonderful friends and neighbors of the Oceanside Community for the tremendous support and love the Susan Satriano Foundation received on Oct 2, 2010 at the Strawberry Fields Benefit Concert. Strawberry Fields, the best Beatles Tribute Band, treated concert attendees to an incredible performance—and the Foundation raised over \$24,000! This event was possible due to the great assistance of Dr. Herb Brown and the Oceanside School District, as well as the many people and local businesses that lent a huge hand to ensure the evening was memorable and highly successful. The Foundation can now continue to give college scholarships to seniors with a parent who is either presently battling cancer or who has succumbed to the disease. The Foundation has helped many children and will continue to achieve this goal. It doesn't get better than giving back and helping children in need. Without all of you, our mission cannot be realized. For your patronage to the purpose and cause of the Susan Satriano Foundation, I will forever be grateful.

If you would like to further contribute to the Susan Satriano Foundation, please visit the Web site, www.susansatrianofoundation.com or call me at 516-603-5520. You can also make a donation by purchasing my inspiring book, "In Sickness And In Health: A Memoir Of Love." All proceeds from the book sales go directly to the foundation.

Sincerely,
Joe Satriano
